From Marc Goldberg

That's me and my dog Diablo in the picture. He was a lover of people and dogs, just like me. I tell Diablo's story in my book, LET DOGS BE DOGS, coauthored with New York Times best selling authors, the Monks of New Skete.

I have been training dogs since I was a child, first hired by my junior high school teachers to train their dogs! My partner Patrick Farrell is also a natural born people and dog person. When you train at our Little Dog Farm, you'll get to know us both and we'll both be on your team. Call or text any time. (224) 407-2131.

Private Lessons \$150/Lesson*

Most dogs will learn Heel, Sit, Down, Stay, and Come in only 4 private lessons spaced one or two weeks apart.

*Equipment costs extra

Dr. Elizabeth Lonsdorf, Animal Behaviorist:

"In short, Marc is a miracle worker. All of my years of schooling in animal behavior didn't begin to compare with Marc's experience with challenging dogs. He knew immediately

the best way to deal with Heidi's issues and we are all much, much happier now. I can't thank him or recommend him enough. If you have problems with your dog, take him/her to Marc!"
